## RaceGear-HT & RedGear

**A Real fully synthetic** transmission oil for **extreme circumstances**.

For high operating temperatures, high viscosity-index, superior lubrication properties at extremely high operating temperatures.

**Very wide operational temperature range**; **multigrade properties**.

**Very high stability** even under stress: **long service life**.

Suitable for normal or racing use. Suitable for synchromesh (GL-4) or dog engagement (GL-5) transmissions, can also be used for heavy truck transmissions (MT-1).

This oil can possibly be used as a "fill-for-life" oil (>300.000km) but please remember to follow the instructions of the car manufacturer regarding oil change intervals.

**Do not mix with other oils or additives !**
